

# Lithium Mining and Extraction: European Sourcing and Skills

## AGENDA

**APRIL 27, 2022**  
**10.00 – 12.00 CEST**

**WELCOME  
BY THE MODERATOR**

10:00

**Dr. Laurence Lamm**, Senior Advisor – Mineral and Metallurgical Processes, EIT Raw Materials GmbH

**PRESENTATION  
OF ALBATTS**

10:05

**Mr. Kari Valkama**, Project Manager, Merinova Technology Centre

**EXPERTS  
PRESENTATIONS**

10:10

<b>Lithium resources in Europe</b>	<b>EU perspective on self-sufficiency and current forecast on Gigafactories' implementation</b>	<b>Dr. Gerardo Herrera</b> , Policy Officer – Raw Materials, DG GROW, European Commission
	<b>European deposits, active mines and exploration projects</b>	<b>Dr. Patrice Christmann</b> , Consultant, Krysmine
<b>Lithium mining and extraction</b>	<b>Conventional mining</b>	<b>Mr. Asko Saastamoinen</b> , Chief Human Resources Officer, Keliber Oy
	<b>Geothermal extraction</b>	<b>Dr. Blandine Gourcerol</b> , Economic Geologist, BRGM
<b>Lithium processing</b>	<b>Processing from primary sources</b>	<b>Dr. Carlos Nogueira</b> , Head of the Materials for Energy R&D Unit, LNEG
	<b>Processing from secondary sources: recycling</b>	<b>Dr. Nathalia Vieceli, Ms. Lea Rouquette Phd Student</b> , Chemistry and Chemical Engineering, Industrial Materials Recycling, Chalmers University

**ROUNDTABLE  
DISCUSSION**

11:25

**The skills and job roles in lithium mining and extraction**

**CLOSING  
REMARKS**

11:55

**Dr. Laurence Lamm**, Senior Advisor – Mineral and Metallurgical Processes, EIT Raw Materials GmbH
