BATTERY POWERED
TOUR FOR SKILLS

Tomás Megía is the Head Office at OPTIMA - Office for the Mobility Industry Transformation at the Catalan Government.

Marek Spányik is a Project Manager and Researcher at the Technical University of Ostrava. His professional background is computer science and software engineering. He has been involved with the Skills Agenda related project since 2020, and worked on skills in various domains, such as batteries, automotive and cybersecurity.

João Alves graduated in Environmental Engineering in 2001 and is ATEC's Cooperation Projects and Certifications Area Coordinator since 2011, having coordinated ATEC's participation in several European Commission and national funded projects for the fulfilment of ATEC's Mission. He also supports relationships with external entities and is responsible for the regulations and standardisation processes at ATEC since 2004, namely to those related with VET development and delivery and for the relations between ATEC and the Portuguese governmental institutions.

Miquel Carrión Molina graduated in Environmental Sciences at the Autonomous University of Barcelona in 1992 and is the Deputy Director of Youth Employment and Professional Qualification at the Public Employment Service of Catalonia.

Riánsares Lopez is Senior Consultant at OPTIMA - Office for the Mobility Industry Transformation at the Catalan Government.
